## Description

Permabond Cleaner A is a general purpose industrial cleaner for cleaning and degreasing surfaces prior to bonding with any Permabond adhesive. Where surfaces are greasy or dirty, wiping with CLEANER A will help produce a suitable surface for bonding.

CLEANER A is available as an aerosol spray for ease of application and has been developed to be simple and easy to use, helping to ensure that components are clean, even when the bond area is difficult to access.

## Physical Properties

Colour	Colourless
Viscosity	0.7 mPa.s
Flashpoint	-26°C
Boiling Point	102°C
Specific Gravity	0.68

## Storage & Handling

Storage Temperature Store in a cool place away from direct sunlight	5 to 25°C
Shelf Life Stored in original unopened containers	12 months

## Additional Information

Users are reminded that all materials, whether innocuous or not, should be handled in accordance with the principles of good industrial hygiene. Full information can be obtained from the Material Safety Data Sheet.

## Directions for Use

- Remove excess contamination from the surface using a rag.
- Hold the can of Cleaner A above the surface and spray onto the contaminated area.
- Wipe clean using a rag.

Alternatively

- Spray Cleaner A onto a clean rag and use this to wipe over the surface.
- Leave surface to evaporate dry.
- Permabond Cleaner A is formulated to minimize attack and maximise performance on certain plastics. However, it is recommended that the product is tested for compatibility prior to use in production.
