Hexavalent Chromium	Cr (VI)	Regulated
Sum of concentrations	Pb+Cd+Hg+Cr(VI)	≤ 100 mg/kg

Limit value: The sum of the four substances must not exceed 100 mg/kg (100 ppm by weight).

References and clarifications

- **Applicability:** The requirements of Regulation (EU) 2025/40 apply from 12 August 2026. This declaration certifies the conformity of packaging placed on the market from that date.
- **Without prejudice to other legislation:** The above conformity is declared without prejudice to the restrictions on chemical substances set out in Annex XVII to Regulation (EC) No. 1907/2006 (REACH) and, where applicable, the requirements for materials and objects intended to come into contact with food pursuant to Regulation (EC) No. 1935/2004.

- **PFAS (Article 5, paragraph 5):** The ban on perfluoroalkyl substances (PFAS) applies only to packaging intended to come into contact with food products. Permabond Engineering Adhesives GmbH packaging is not intended for food contact; therefore, this provision is not applicable.
- **Basis of the declaration:** This declaration is based on information provided by packaging material suppliers and on the technical documentation held by the company. Permabond Engineering Adhesives GmbH undertakes to retain and make the supporting documentation available upon request.
- **Reference products/packaging:** all used packaging.
